Director's Notes

FRIENDS FOR FUN, SAFETY AND KNOWLEDGE

I hope that everyone had a good time off for the holidays.

We had a great end to 2018 with our party. We had 19 members to attend.

What a dinner with turkey & ham with all the fixings. After dinner we played games and had a great time.

Now it is 2019 and we travel on to see what it will bring.

Hopefully the weather will be better, and we won't have as much sickness as last year and we can get a lot more riding in.

Now is the time for you to get that bike out of storage and get it ready to ride? Check the tires, look on the side of the tire and find the date code. If the tire is over 5 years old you need to change them out.

Look at the valve stem move it back and forth and look for cracks where it touches the rim. Spray it with a little soap and water to see if it leaks. Replace it you are in doubt. Check the air pressure, please look in your bike's manual and fine the correct pressure for your bike. This is one of the most important things you can do to maintain your tires.

Most motorcycle tires will dry rot before they wear out. So be safe and get some new ones. When installing new tires don't forget to replace the valve stems.

We will be moving our February meeting to the 23rd because of the officers meeting which is in Helena, Ga. at Lake Ocmulgee State Park. Everyone is welcomed to attend the meeting.

Ride safe and often
Frank & Melinda.
