### Director's Notes

### FRIENDS FOR FUN, SAFETY AND KNOWLEDGE

Spring and warmer weather is just around the corner. I know that everyone is ready to enjoy the weather and ride.

We are in the need of someone to plan rides for the summer. If you are interested in doing this please let me know I have a lot of things going on and may not be able to do much ride planning.

So please step up and help out.

At our February gathering we had 30 members attending, Roy & Julie Degler were there to present 7 Master Tour Rider patches.

I would like to congratulate those that chose to become Master Tour Riders.

We had a great turn out for our Lunch ride to Quincy's in Toccoa, with 14 members attending.

Our March Lunch ride will be to M&J Home Cooking and Country Buffet, Toccoa .

Our next Gathering will be April 19<sup>th</sup> at Shoney's.

Lunch ride April 26<sup>th</sup> to be decided later.

Hope everyone can come and ride .

As always, Ride safe and often!!

Frank

Friends for Fun, Safety and Knowledge

## Gold Wing Road Rider Association, Georgia District, Chapter I-2, selected as Chapter of the Year 2013.

Chapter Director, Frank Brothers (right) accepts the honors for Chapter I-2, based in Lavonia Ga, for all their participation , and efforts that earned the recognition of Chapter of the Year. Our organization's motto is *Friends for Fun, Safety, and Knowledge*. This being said, our primary goals are to promote motorcycle safety by education of our riders, and encourage Motorist Awareness of motorcycles to all drivers, bikers, and non-bikers.

Frank expresses our appreciation to our area Law Enforcement agencies for their support in our endeavors to help educate the public in the safe motorcycle riding, and being aware of the motorcyclist sharing the road. "Look Twice, and Save a Life"

### Rider Course Season ERC, ARC, TRC & SRC

How about that! March is here already and while those in the southern states have been riding for a few weeks now, those in the north can realistically begin thinking about clear roads and warm temperatures. At least warm enough to encourage us to unplug the Battery Tender, bundle up in full gear, and take the steed out of the stable for the first ride of the season on the next bright sunny day.

Okay, maybe I am rushing it a bit for some of you, eh? But where you live, the beginning of the riding season is a good time to think about signing up for a rider course. What better way to refresh yourself mentally and physically of the skills it takes to ride safely and with confidence? I like to think of rider courses as a kind of insurance. But this is the kind of insurance that helps prevent accidents instead of paying for the damages after the fact. The return on the investment can be much greater than you realize compared to the other kind of insurance. You might even say it is priceless!!

So what if the course is not offered right in your own backyard and you have a bit of a ride to get there?? Sounds like a good reason for a chapter ride. In fact, you could practice team riding both ways—there and back. Maybe spend the night near the training site, if it makes sense. This could help you get the season off to a great start if you enroll in one of the early courses. Remember, the chapter that trains together, ....uh....has a lot of trained riders !! Right?

Seriously, we can all improve our riding skills. Even if you have taken the Motorcycle Safety Foundation's Experienced Rider Course (ERC) every year for the last 10 years, there is something you will learn, or re-learn, from one of our rider training courses. I say that with confidence because there is now a new course available for those experienced and frequently trained riders among us that are looking for something different. The new class is the Advanced Rider Course (ARC). This is a rider course developed by GWRRA for its members. The class includes new exercises found only in this class. And they were designed specifically to help you deal with real-world riding situations. If you can ace this class, then you have some riding skills to be proud of !!! That is not to say only the best riders should take this class. Quite the opposite is true. Every motorcycle rider among us is eligible for this class and capable of completing it. (Sorry, the ARC is only for 2-wheelers.) Remember that there is no pass/fail criteria in these classes !!!!

## Jeanna Phillips Motorist Awareness Coordinator

### A GWRR Challenge

May is Motorist Awareness month. Let's do not limit sharing to one month or even one awareness event a year. Most Wingers and fellow motorcyclist ride year round. With all the social media and the voices of each person in this organization, we can impact lives daily. Level (1) in our safety program we commitment to riding safely. Will you also commit to helping motorist be aware of motorcyclist? Our motto: *Friends for Fun, Safety, and Knowledge*. By educating the public another life could be saved. A chapter member shared a newspaper police report article with me. A 17 year old driving an automobile turned left in front of a 50 plus year old motorcyclist resulting in another fatality and a teenager's life changed for ever. While it can be exciting to have a particular brand or style of motorcycle, hopefully we don't get caught up in brand-ism or loyalties to a particular make, style or even the type of bike we ride. This seemly innocent thought process can cause us to be prideful and also judgmental toward others who do not fit our mold. These thought processes can invade other areas such as who we talk to about motorist awareness, who we ride with and the list could go on and on. Bottom line is this can cripple us and others, in our sharing with everyone we come in contact with to **Watch Out For Motorcyclists!** Friends let's have fun sharing, in motorist awareness and increase the knowledge of others as well.

## Opportunities Are Coming!

We hope that everyone made it through the Ice and Snow Storm without any serious problems. It seems that the roads cleared just in time for the Chapter S Sweetheart Fun Day. There was a good turnout for the event, even though several arrived in four wheels rather than on two or three for safety reasons. Pat and Craig Whitehouse and the Chapter S folks really put together a Fantastic Event. There was a Motorist Awareness Seminar, games and door prizes. They served up some delicious homemade vegetable soup with your choice of cornbread or crackers, a salad and dessert. The Chapter Challenges were very entertaining and involved almost everyone in the building. This made it a lot of FUN for ALL!

## KNOWLEDGE IS POWER

Are you glad you just survived Snow Jam 14 and Icemegedden? Did you learn anything from it? (I learned that folks make a lot of toast and drink milk...why you ask? Because what was missing from all of the grocery store shelves...milk and bread) One thing it did for us was to allow us some time to get caught up on some reading. I honestly believe the day I stop learning is the day they put me in the ground. This is the reason I say: "Knowledge is Power"!

During this time I was catching up on back issues of motorcycling magazines. One of my favorites is *Rider*. Eric Trow writes a column called *Riding Well* and I can tell you he has continually opened my eyes and made me think about riding our machines in a different light.

He states in one of his articles (*Pop Quiz from the November 2013 issue*)

that 90% of motorcycle crashes are avoidable when riders know what to look for, when and where to look and how to respond to developing situations! In the article he turns everyday riding events into Pop Quizzes. What will I encounter when I crest this hill? What lies around this blind curve? Each situation is a Pop Quiz and he asks: "Are you going to pass it?" WOW! I don't know about you, but that really clicked for me.

He is an advocate for continuing training throughout our lives—*skills get rusty when they are not used so he says sign-up for a training course early in the year and learn something new to use through the season.* Practice swerving, braking and cornering—the three skills that were identified in the *Hurt Study* as lacking in the majority of motorcyclist who were involved in crashes. We do not want to become complacent

and believe that we know it all. This can lead to nothing good! By constantly improving our knowledge and skills we are more prepared to "Pass" the next "Pop Quiz".

Albert Einstein was quoted as saying: "*Education is not the learning of facts, but the training of the mind to think*". GWRRA offers "World Class" Rider Education through our Riding Courses, Seminars and MEDIC courses. As a current GWRRA member in Georgia, District Rider Education underwrites the cost of this training, so there is no-excuse for not taking advantage of these potentially life-saving courses and adding to your "Knowledge" base. After all, isn't GWRRA "Friends for Fun, Safety and Knowledge"?

Is your chapter up for a challenge? Prove you're

the best by participating in special challenges where you'll pit your chapter's skills against other's to win the prize. Rumor has it that there may be a "special" contest you won't want to miss!

Don't delay, register today!

## THE START OF RALLY SEASON IS HERE!

**Sid and Donna Cohen**  
**Assistant District Director/  
 Couple of the Year Coordinator**

Hey gang,  
 March is finally here and so is the start of the rally season. The Florida rally is March 20, 21 and 22<sup>nd</sup>. If you have the opportunity, head on down to Kissimmee and enjoy the Florida Rally. Remember our rally is in June in Dillard Georgia at the Dillard House. It really isn't that far away—only 3 1/2 months. I hope your chapters are talking about the District Couple of the Year Baskets. The money that is brought in

helps the District Couple off set some of their expenses during their year. Also, we want all of your bakers and want-to-be bakers to be thinking about the Goodie Contest. Last year was fantastic and we are looking for the same this year.

Here is a great opportunity to meet some neat folks. Why don't you take a ride to Conyers, GA On March 7<sup>th</sup>. The 40 to Phoenix group is planning on getting off course and stopping for the

night. Chapters GA-A and GA-S are hosting a BBQ dinner for them. This is open to all GWR-RA member. Come on out and greet these riding to Phoenix. On March 8<sup>th</sup> they plan on visiting Barber Motorcycle Museum in Birmingham, Alabama and anyone that wants to ride is welcome to do so. Check the Georgia Web site for more information

*Ride safe and often,*
