Chapter I-2 Mascots
Bucky & Cupcake Blacksheep

June was a busy month even if we did not have a meeting we were out and about with the Georgia Rally in the beautiful north Georgia Mountains at the River Vista RV Resort what a great place to have a Rally .The weather was hot but we all had a great time

It was good to see the Chapter participate in some of the activities and we did come home with some First place wins. The banner won First place.

And thanks to Doris for the award winning dessert, that won first place.

The chapter came in Second & Third in some of the other games. Just remember it is about having FUN and not about just wining. We had 18 to attend the Georgia Rally.

Then it was off to the North Carolina Rally in Cherokee N.C. We had 17 to ride up on Friday what a great day for a ride in the mountains. North Carolina had a great Rally as they always do.

As I write this we are planning a ride to the South Carolina Rally in Anderson S.C. Friday July 17th

Then we meet on Saturday the 18th At Shoney's.

So you see we have been on the road a lot in June and July with a lot more in the planning stage.

Till next time
Ride safe and enjoy Life.

10 Georgia laws drivers don't know exist

ATLANTA | Sometimes, drivers in Georgia get pulled over because they were breaking a law they just didn't know about.

Police understand that drivers are less aware of certain laws, as those are the ones they see broken often. Here are a few laws that police say many drivers seem not to know exist:

1. You can be pulled over for going the speed limit.

Last year, Georgia passed the “Slowpoke Law,” which requires that drivers in the left lane on a Georgia highway, interstate or expressway must move over if a faster car approaches them. Slow drivers cannot linger in the left lane, even if doing the speed limit.

2. You must move over one lane not just for police cars, but also for assistance vehicles and garbage trucks.

Under Georgia’s “Move-Over Law,” drivers must move-over for emergency vehicles stopped on the side of the highway. This includes police vehicles, Department of Transportation Highway Emergency Response Operator vans and garbage trucks.

“People have been moving over for the blue lights, but not for amber lights,” said Cpl. Guy Fedak, with the Savannah-Chatham police. “The law applies to all emergency vehicles and HERO wrecker services with the yellow lights.”

Georgia passed the law in the aftermath of growing numbers of police, emergency technicians and DOT workers being killed during routine traffic stops, crash responses and highway constructions projects across the nation. More than 30 states have move-over laws.

If heavy traffic will not allow you to move over, the law says you should slow down to 10 miles per hour below the speed limit.

And this year, Georgia added to the law, requiring drivers to move over for garbage trucks as well.

“The whole idea is try to let everybody move over one lane, so no one’s having to worry about their safety,” said Guy Young, vice president of the Georgia Motor Trucking Association.

3. It’s illegal to use the center lane to merge into traffic.

The center lane cannot be legally used for any purposes besides making a left turn. Drivers should not enter the center lane before they are 300 feet from the location where they will turn left, per Georgia law.

(Continued on page 3)

“Drivers often will use the center lane to merge into traffic, or they will enter it well before they legally can,” Fedak said. “The laws says that it only be used to make left turns, and you can’t be in the center lane more than 300 feet. You can’t use it as a merge lane.”

4. You can legally drive without wearing shoes. But you cannot wear headphones.

Waits said many Georgians believe the law forbids driving without shoes on. That’s false.

“The law that most people think exists about driving barefoot - it never has existed in Georgia,” said Vidalia Police Chief Frank Waits.

It is, however, illegal to drive with headphones in both of your ears.

“You can wear in one ear, but not in both ears,” Waits said.

5. Neither the driver nor the passenger can have an open alcoholic beverage.

“People do not know it’s illegal to drive with an open beer or drink,” Waits said. “The driver knows they know can’t, but the passenger doesn’t know they can’t either.”

6. No part of your tag can be obstructed from view.

Drivers will often cover their tags with illegal frames or covers, often in an attempt to foil cameras designed to catch running red lights and speeding.

Fedak said before you buy a tag frame or cover, check that it will not illegally obstruct the view of the tag.

In Georgia, the entire tag must be clear and unobstructed, a law he said is unique to Georgia.

7. A bicycle classifies as a vehicle.

“A lot of people don’t realize that a bicycle under the Georgia law is considered a vehicle, and the law requires that bicyclists follow the same laws a vehicle do,” Fedak said.

This includes stopping at red lights and riding on the correct side of the road.

8. You have to turn your headlights on in the rain (and shouldn’t rely on your auto-lights).

Georgia law requires car headlights to be turned on when it’s raining. But often people will rely on their automatic lights, which do not turn on the rear lights as well.

“You still have to turn your headlights on because it illuminates your front and rear lights,” Fedak said. “Even though you have daytime driving lights, you have nothing on in the back.”

9. If all the traffic lights go out at an intersection, the law requires drivers to treat it as a four-way stop.

When the traffic lights are not working at an intersection, drivers must treat it as a four-way stop. Meaning right-of-way goes to whoever comes to the stop first.

“They think because they’re on the main highway, they have the right-of-way,” Fedak said. “But the law says you have to treat it as a four way stop.”

10. It’s illegal to text in a car — even if the car is stopped.

It’s illegal to text while driving in Georgia. And because the law does not specify if the vehicle must be moving, then drivers should also refrain from texting when stopped at a traffic light or stop sign.

It’s also illegal for drivers under the age of 18 to use a cell phone at all.

Gold Wing Road Riders Association Rider Education Levels Program "The Building Blocks of Rider Education"

(Chart Available in the Clip Art Section of the Rider Education Website)

Motorist Awareness Begins With You

As Motorist Awareness (MA) Coordinators, our main goal is to enlighten the motoring public about not only us, but all motorcyclists on the road. Additionally, in order to maintain our not-for-profit status with the IRS, we conduct educational events for the public. Monthly, the Chapter Educator tracks the MA events conducted by the Chapter. Quarterly, the MA Coordinator provides the Chapter Educator with the number of completed chapter MA events and the number of participants. These figures are included on the Educators report, and all of those figures are consolidated at the District level and are further communicated to Region and International.

In the past, National, Region and District have utilized the wording "One Person at a Time" in making the public more aware of us. My predecessor and I have both utilized these words, but it seems something has been lost in translation. I would venture to say that each and every GWRRR

Member, be it rider or co-rider, have been approached by someone nearly every time we have had our precious Wings out on the road. They may only want to congratulate us on having a Beautiful Wing, or ask questions of us. In speaking with them, if you have ever mentioned riding safely, safety gear, or the number of motorcycles on the road, or especially how great you feel while riding, you have gained their attention. Each interaction with the public, no matter how small, makes them more aware of all motorcyclists. And if by chance they have had children with them and you have gone out of your way to be nice to them, those children will probably remember you and will be on the look-out for you in the future.

Each and every time you speak with someone, be it at a dentist office, doctor's office, gas station or grocery store, you have just conducted a Motorist Awareness event and the folks you speak with are your participants. That, my friends, is the "One Person at a Time" philosophy. Even though we have Directors and Educators filling the positions of MAC in our chapters, we all should take every opportunity to make that connection with the public and report it on behalf of our chapter. Very seldom have I heard the "One Person at a Time" terminology use at a Chapter Gathering, and I will freely admit that even I, in the past as a Chapter Educator, failed miserably in making my Chapter Participants aware of this Term, what it stood for, and how it benefits not only GWRRR, but all motorcyclists. Please, let us all step up, and start reporting those Events/ Participants that we never thought meant anything. And to each of you, I send my thanks and appreciation for doing your part to promote motorist awareness.

The reality is that EVERY month is Motorcycle Safety and Motorist Awareness month. Don't get us wrong, we are very appreciative of the fact that Federal, State and Local Governments set aside a month each year to get the message out to the public that not only do we exist, but realize it, accept it and above all; "Share the Road" with us. For us who ride, it is a part of our everyday reality

Each of us has a vested interest in Motorcycle Safety and Motorist Awareness because it directly affects us; the Motorcycling and Triking enthusiast.

We also believe that every one of us has a story to tell of an incident, close call or, heaven forbid, something even worse that makes this very personal. Because of this we are all a part of the story, we need to take it further and make each and every one of us a part of the solution. GWRRR is (borrowing a term from Chef Emeril Lagasse) "Kicking it Up a Notch" when it comes to Motorist Awareness (MA). Sure there has been an excellent MA program in place for years, but the emphasis is being brought a little bit more into focus. As for the Motorcycle Safety, GWRRR has been a leader for many years with its World Class Rider Education program.

Until next time: Be Safe— We'll See You On The Road!

Region A Directors

Jim & Sue Jackson
regiondirector@gwrra-regiona.org

Hello from Your New Georgia District Directors

A warm hello to all of our GWRRR friends! First of all, we thank each and every one of you for your support and most of all your friendship. We could not be where we are today as your Directors without your help and support.

We joined GWRRR in August 2005 and never thought in a million years we would be District Directors in ten years. We were glad to serve as ride coordinators, Pam as Secretary for Chapter A, and then Assistant Chapter Directors. In 2013 we became Chapter Directors for Chapter A and were also the District Couple of the Year for 2013. When Tommy Martin asked us to be District Directors, we said “huh? You are kidding, right?” He wasn’t. After some thought and a long discussion with Tommy and Vicky, we accepted the position and joined the Georgia District Team as Assistant District Directors, South. Now as your new Georgia District Directors, we must thank Tommy and Vicky for setting such a good example to follow. We plan to follow in their footsteps and support our Georgia chapters.

At this time, we would like to introduce our team – we have a great team! And thanks to all of them for their help and support!

Lawana Woodard from Chapter A – District Treasurer and Event Coordinator

Norm and Wendy Morton from Chapter B2 – District MEC Coordinators

Frank and Melinda Brothers from Chapter I2 – District Ride Educators

2016 Rally Announcement!

Once upon a time there was a rally held in Dalton, Georgia in the fine spring month of April! Pick your fairy tale from the Brothers Grimm collection and come enjoy the costume contest on Thursday night!

There will also be games, a delicious meal, door prizes, a great grand prize, 50/25/25, lots of vendors, mountain rides and more! There will be a real poker run sponsored by Georgia Chapter L in Rome, GA.

Come as Cinderella and Prince Charming or as the villain Rumpelstiltskin. We are going to have fun with this! You might even get to play “kiss the frog prince”. See our flyer on the web site www.gwrra-ga.com for more information.

See you there!
Larry and Pamela Clemmer

New Assistant District Directors and Couple of the Year Coordinators

We are Vance & Fern Oakes, new Assistant District Directors, and the Couple of the Year Coordinators.

Eleven of the chapters in the Georgia district selected a Couple of the Year for 2015, which is more than we have had in some time. Our goal is to get that up to 100%.

This year, we do not have a District Couple of the Year, and we want very much to change that. We know that most people are nervous about participating and that the process can be daunting, but it really is a very enjoyable experience. As the 2014 District Couple of the Year, we had a lot of fun during our tenure and made a lot of new friends,

and participating in the selection process was well worth the effort.

Chapter Directors, please encourage your Couples to participate in the District Couple of the Year selection process. We will be there to help them every step of the way!

Georgia District MEC

We are Norman and Wendy Morton, your new Membership Enhancement Coordinators. You may have seen us as “GRANDPARENTS GONE BAD”. We have been members of GWRRA since 2006, and our home chapter is GA B-2 out of Douglasville.

Since joining B-2 we have been in charge of ticket sells at our monthly meetings and Motorist Awareness. We were asked to be ACD's in 2009 and were honored to be chosen as Couple of the Year in 2010. We were Chapter Directors in 2011 thru 2013 and Chapter Membership Enhancement Coordinators (MEC) in 2014 until June 2015, when we were asked to join the Georgia District Team as MEC.

of members and recruitment of new members, but we can't do it alone. We will need the help of the Chapter Directors, Chapter MECs, and the chapter members to recruit new members and retain our present members.

You will be hearing from us—you can count on it!

ANOTHER BENEFIT OF YOUR GWRRA MEMBERSHIP

The “Gold Book” is the annual Service Directory that has thousands of names of fellow Members offering services that range from roadside assistance to lodging. visit <http://membership.gwrra.org> to edit your options, or offer your assistance! You can also contact Member Services and they can edit your information over the phone! Phone: 800-843-9460 or 623-581-2500 (Phoenix). You're never alone when you carry your Gold Book. Participating Members listed by state to assist you with lodging, tools, directions, or just fellowship.

Goldwing Dynasty 2015 and Beyond!

What a great time we had at the Georgia Rally in Dillard! All of the GA District Team did an outstanding job as always.

We had two Rider Ed. Seminars with 31 members taking advantage of the classes. This was great! I hope you try to take advantage of the classes whenever you can. You know, the more you learn about riding the safer you will be, and the great thing about this, it is FREE. What a bargain!

We will be trying to bring back a lot of fun things to do at the GA Rally next year. We will have a riding poker run next year. We have already started to make plans, and this will be a great time to get out and ride.

We will also have a First Aid, CPR class. You do have to preregister for this class. If you need to take the class please check the box on the registration form and add the 25 dollar deposit. If you are a member of a GA

Chapter, the deposit will be refunded if you attend the class. All out of state members will be charged the 25 dollars for the class. We will keep you up to date as things start to come together. You know it is only 10 months away!

As your new District Educator we are here to help you with your Rider Ed. needs.

See you on the road.

Horizon's Program to be held July 25th and 26th

During Rally 2015 in Dillard, Leadership Training was proud to have presented two classes that we hope demonstrated to the members both how to build high performance teams and how to motivate and lead volunteers. Thirty-one members attended including members of other District Teams and members of the Region team. We hope that we were able to provide them information that could be taken home and used.

Whether you are an officer, one day wish to become an officer, or just a member wanting to know a little more, we'd like to see you participate. Have you ever wanted to learn more about how GWRRA works and how everyone works together as a team to accomplish goals? The goals of this program are to imbed in the our members the idea that attitude is everything. Further, those completing the program will understand and appreciate the concept of motivational leadership and the GWRRA philosophy of caring and sharing.

Some of the topics to be covered are:

- Team building and how teams operate
- Expectations - Officers and Members

- The Monthly Meeting/Gathering
- Communications
- and finally
- How the Officer Couple operates and the expectations of that couple.

In addition, there will be many team building events and trivia games to build your knowledge concerning GWRRA.

On July 25 & 26 the Ga. District is sponsoring and Chapter B is hosting, the opportunity for members to take part in the GWRRA Horizons Program. Registration is through the District web site or by calling Jim Allen at 404.435.7527. You can also email your registration to galtprainers@gmail.com. Participants should be present at 9:00 AM, at the Paulding Chamber of Commerce, 455 Jimmy Campbell Pkwy., Dallas, Ga.

Special thanks to Chapter Director Judith Feliciano for helping to secure the training facility.
