Director's Notes

FRIENDS FOR FUN, SAFETY AND KNOWLEDGE

We had a great meeting in September with 20 members attending.

We also had a great ride to Wings over the Smokies Rally with 15 members attending.

We had 4 Members from Chapter I-2 that went to Billings to Wing Ding.

October will be our last meeting for the year we will have our End of year Party on Nov.19th. It will be at "Corner Stone Restaurant", in Toccoa .This is the same place we had it last year. It will be from 2 pm till 4 pm hope the new time will be better for everyone.

The Region A Rally is coming up it will be October 27- 29 at Lake point lodge in Eufaula Al.

Georgia District Wind Down will be held at the McDonough Road Baptist Church Gym, 352 McDonough Road in Fayetteville Ga. Nov 5 starting at 10 am.

Hope to see you there.

Till next time Ride safe and often.

October Safety Report

I hope this can get in the newsletter as I am just writing it on Tuesday evening. As some of you know Doris and I have been on a 2 month tour and made it fit around Wing Ding in Montana. We also shadowed Larry and Linda a few days along with meeting up with friends from Illinois for a few more days. Unlike Larry and Linda we traveled by truck and stayed in motels and with friends and relatives. We both seemed to get about the same mileage covered but we did explore some different areas. One of the highlights was Wing Ding. It is always amazing to see that many Goldwings in one place. Being near Canada there seemed to be a larger number of Canadians than at any other Wing Ding event. It also was amazing to see how the safety classes filled up with the Canadians. I talking to some, they indicated that they don't have the availability during the year to attend classes. Some were amazed at the number of classes that we have at our hands each month. We seem to have the instructors and we also have better geographic areas that allow us to hunt out the classes we need. Basically, more and closer classes. Sometimes we have a hard time filling classes and but we have the instructors. This brings me to a conclusion that like traveling around the local area we don't always see what is close to where we live and always want to see things far away. So we have the classes available, don't leave getting updated or educated for the class that is at another place or 6 months down the road. That will give chances for the ones that don't the classes available.

Wing Ding 2017 is in Grapevine TX

CONCERNS

CONDOLENCES

MSGT William "Bill" Haas, USAF (Ret.), 70, went home to his Lord and Savior Jesus Christ, on Tuesday, October 4, 2016. MSGT Hass, brother of our dear Melinda Hass Brothers, proudly served his country by serving in the United States Air Force in the Vietnam War and working in civil service at Robins Air Force Base until overtaken with ill health. Our deepest sympathy to Melinda and the Hass family.

GEORGIA DISTRICT NEWSLETTER

OCTOBER 2016

WE ARE BETTER TOGETHER!

We were attending a picnic last Sunday and the speaker was discussing how each of us are individuals, but yet we are better together as a whole supporting one another around a common goal.

This principle of being better together applies to us as GWRR participants. We are all individuals with our own lives. We are brought together by our love of motorcycling.

As an association, we form into chapters to enjoy our love of motorcycling and to share the comradery that comes from being in a group.

Just as we are individuals who like "to do our own thing", I see chapters who are "doing their own thing" and not supporting the other chapters. I am not saying I want chapters to stop doing their own thing, but if individuals are indeed better in chapters, then why are chapters not better off supporting each other and our district and doing activities together?

The last two chapter events in the Georgia District were not attended to the level one would have expected. I realize that Chapter R's picnic was very close to Wing Ding, but having only eleven outside chap-

Larry & Pamela Clemmer
Georgia District Directors

ter members did not even pay their expenses. Chapter H's Plaque Attack was only attended by one chapter.

In closing, I hope you as members will continue to support your chapter, and do your own thing, and as chapters I hope you will agree to support other chapters and your district team in the future. We are truly better together.

The fun is there for the taking...all we need is YOU!

ANOTHER THOUGHT FROM YOUR DIRECTOR

In this political year we all hear a lot of political “stuff”. I was listening to a discussion and reminded of John F. Kennedy’s statement in his inauguration, “Ask not what your country can do for you, ask what you can do for your country.”

Is this not a great principle for any organization, for GWRRA? Ask not what GWRRA can do for you, ask what you can do for GWRRA. While attending many gatherings and meetings lately, the discussions I have heard are that “my chapter is not doing what I want to do. I don’t want to ride to eat. I don’t want to go to that event.”

Are you always complaining about what your chapter is doing? Have you made suggestions on improving your gathering or suggested a new ride? Suggest stops along the way. Why not go a step further still and lead the ride.

All I am suggesting is that you become involved to make your organization better. Make your “I want to do” known and then support your chapter team to complete your “want to do.” Get involved with your chapter.

Get involved with your district. I know

Larry & Pamela Clemmer
Georgia District Directors

what you think – those guys or gals in the yellow shirts don’t know what I/we want to do.” My only question is did you make a suggestion? My mailbox is neither full of suggestions nor new volunteers wanting to put their own ideas into action.

My wish in writing this article is for you to become involved with your chapter, district, GWRRA by asking what you can do for GWRRA to make it more fun and improve participation.

SUPPORT

I just want to bring up an Idea or Thought.

Does your Chapter support the other Chapters in the District?

What do I mean? Do you as a CD, Ride Leader, or Ride Coordinator check the Calendars of other Chapters to see what they have planned? Are they planning a Fun Day or how about their gathering? Do you plan a ride to coincide with their activities?

If you have had a Fun Day, you know the work and planning that goes into such an event. If you have been to one, you know the FUN and comradery you have experienced.

Recently we were at such an event, and even though it had been announced on the District Website, the DD had sent out numerous emails and reminders and the CD had received several phone calls of promises to be there..... not counting the Chapter’s own members there were 11 people there - four of whom were District Staff.

So, remember, if you want them to come to yours - you may need to think about visiting theirs. That is, if you’re into such things.

Just a reminder, IF by chance you get a visit from folks toting a Hot Tater, let me know and send me a picture to put on the website.

Chapter 0 Couple of the Year

Claire and Steve Shorter

Steve grew up in the Shenandoah Valley, Staunton, Va. Claire was born in New Hampshire, then at the age of 9 the family moved to Tampa, Fl. Steve worked in a sports cycle shop and as a truck driver for a few different companies until his retirement from Roadway Express in 2011. Claire worked at Eastern Cruise Line, Holland American Cruise Line in Miami, Fla. They were introduced by a friend. Claire had a few requirements for Mr. Right and they were "He must be single, have a Corvette and front teeth." Well, Steve met the requirements and they have been married almost 35 years. They have 2 children, Sarah and Tyler and 4 grandchildren. Claire's first ride on a motorcycle was in 1980. Steve had been riding bikes since he was 15. Once she got on the bike she was sold. They have been riding ever since. They got their Goldwing 1800 in 2008 and have been in every state except Nebraska and North Dakota. Their favorite trips are everywhere. They have been to Yellowstone, Yosemite, Arches, Sequoia and Glacier National Park, Redwood Forest, Death Valley, Grand Canyon, Brice Canyon, Pikes

Peak, Bear Tooth Pass in Montana, and Cabot's Trail in Nova Scotia. They have lots of stories, the one most people like for them to tell is the "While riding on the Alcan Highway when we saw a very large grizzly bear minding his own business digging a hole. I wanted to get a picture, and got one of him digging a hole, but I wanted to get a picture of his face. Steve gunned his engine, but a Goldwing doesn't make a loud noise, blew the horn, no response, so I yelled loud. Steve said I could wake up the dead with my yell. The grizzly popped up his head and headed our way. Man, they run fast. We took off as fast as we could. The grizzly circled the road and we kept on going. I didn't get the picture but we did get away."

Steve estimates that so far in his lifetime of riding motorcycles, he has ridden about 850,000 miles. We have over 209,000 miles on our 2008 Goldwing. I can tell you more stories.

We enjoy our friends that we have made with GWRRA's Tifton, Moultrie chapters. Steve has recruited 10 members since we have joined and looking for more. Thanks for our friends, we love them all.

WATCH THE ROAD

*Article Taken from
September 2016 Region "A" News*

Summer is ending, days are becoming shorter, and now schools are back in session. Kim said she left for work late this morning and got behind two school buses just a half mile from the house. Now we have to watch for those kids standing on the roadsides in the early morning darkness and the extra traffic that the start of school causes. And I thought that summer vacation traffic was heavy!

When you start on your trip to Wing Ding, be focused on the road, traffic and your surroundings. Plan your route if you can, but don't be a slave to it. Remember to take regular breaks, not only from fuel up to fuel up. Bathroom breaks, snack breaks, and stretch breaks are just as important in getting you there safely. The monotony of endless miles of interstate may put you into a slight trance that is sometimes hard to break free from. Take those breaks when you need them, not when you have them scheduled or when your fuel tank necessitates. Ride with others, talk on the CB, chew gum, sing to yourself, talk to your co-rider, count the idiots on the road – something to help pass the miles. Wing Ding will still be there when you get there!

Same thing applies when you return. For a long trip Kim and I always plan a different route home so that we get to see different scenery. It makes the trip more memorable, even if it may be a few miles longer. Kim and I switch off being rider and co-rider which really helps on a long trip. That's when I really notice the 'goings-ons' inside other cars – eating, texting, reading, phone held up to the ear so tightly that I know that's the only thing the driver is focused on! Beware of distracted drivers. Be on the defensive and watch for them, because they are not watching out for you. Stay safe and see you on the road.

AUTUMN RIDING

Taken from the October Issue of the Region "A" News

Autumn temperatures can fluctuate over the course of a day. Morning might start out in the low 30s but by mid-afternoon, it could be over 70. Counter these weather changes by dressing in layers.

Leather jackets are perfect for autumn bike riding. In summer, it's often too hot, but in the fall, a leather jacket is a great piece of protection from the wind and dropping temperature. If you buy one that has a removable lining, when it gets warm again. When wearing darker color jackets its recommended to wear a bright color vest. **(Be Visible)**

Also bring multiple pairs of gloves with you if you use your bike to commute. A thick pair could be ideal on a cold morning, but on your ride home, if the temperature has picked up, you might want something lighter.

Look out for riding hazards, like leaves, twigs and other debris from trees often fall into streets during this time of year. While your bike can withstand running over a single leaf, road debris should generally be avoided. Hidden under some leaves could be something sharp that could potentially cause an

accident.

Have rain gear stashed on your bike if possible. The rain paired with chilly weather could cause hypothermia, or at the very least impair your riding ability.

According to the U.S. Federal Highway Administration, 11 % of vehicle accidents are caused by rain. Make sure you're prepared and stay aware of these hazards.

Ride safe and ride often.

LEARNING SKILLS TO HELP US PERSONALLY

Over the years all of us have attended training with GWRRR that teaches each of us how to ride our bikes with more skill and be safer while on the road. GWRRR gets its 501 3C status from the Rider Education Program and as a result, 51% of our training activity must directed towards this endeavor in order for this organization to maintain our NOT-FOR-PROFIT status. This is very important and valuable information for each of us to know and understand while riding your bike.

Now that each of us know how to ride our bikes with more skill and safer while on the road, what about your personal life. How would you like to learn the same skill and safety in dealing with everyday life? Do you have a problem remembering names, managing change, speaking in public, with your self-esteem, managing stress, or managing time? Would you like to learn how to deal with and manage these situations in everyday life? **On October 9, 2016 a Life Skills Program** is being of-

fered at the **Paulding County Chamber of Commerce, 455 Jimmy Campbell Parkway, Dallas, Georgia**. Each of us could use a little help with our personal life and here is the opportunity to get this training free of charge among the great friends you have made while in GWRRR.

The training will include the classes which will help all members in both their personal life as well as with their GWRRR participation. The training will help you remember names, manage change, speak in public, listen and communicate, make smart moves, deal with stress management, and how to manage your time.

All members are encouraged and invited to attend. This training may be just the knowledge you were looking for to make your personal life run the way you always dreamed it should be. Please come and join us.
