

# Chapter I-2

**GWRR  
LAVONIA, GA**

**Volume 1, Issue 9  
Sept. 2010**

## Director's Notes

It is with great sympathy that I write this letter. GWRR family has had a great loss in August. With the passing of Sandy Moon, GA Chapter W Director, from an accident, Kathy Coleman SC District Director, from a long illness. They both will be greatly missed. We have a lot of other members that are suffering from different ailments. Please remember all of these in prayer.

Ride Sept. 24 to Wings Over the Smokies. We will leave Lavonia Exxon at 8:30 a.m. This will be an all day trip. We will not have a Dinner Ride this month because of this trip. Oct. 9th Ride to Field of the Woods. Leave Lavonia Exxon at 9 a.m. This is an all day trip to the North GA and North Carolina mountains.

Our next Gathering will be Oct. 16th at Shoney's.

District Wind Down 2010 will be in Athens, GA again this year. It is at the

Tuckston United Methodist Church, on Lexington Hwy. from 10 a.m. to 2 p.m.

Nov. 20th Chapter I-2 End of the Year Dinner, at New Franklin Christian Church Hwy. 327 Canon, GA. Contact Karen Lewis if you have any ideas for this Gathering and would like to help.

Frank Brothers

### PERCEPTION

This term has a lot to do with Safety. It is most-often based on that person's own value system.

It also applies to motorcycling. Several debates arise in many areas.

Safety Equipment      Safety Training      Safe Maneuvers

Types /Degrees/Brands of Equipment constitute real safety gear. Riders feel very strongly about these issues. Those other opinions will likely always remain. Certain speeds are unsafe. ABS is essential. Refresher riding skills. Full-Face vs. Half Helmets. On and On. Remember that a person's own "perception" and "value system" play the largest part in their evaluation of each of us. When it comes to safety, oftentimes the more visible the protective equipment is to the public, the more people will likely perceive you to be a safe rider. People will not be aware of your "ABS system you may have, but they will notice if you are not wearing a helmet. Should other peoples' perceptions of you as a rider really matter?? You must always strive for the ever elusive "true and ultimate expression of motorcycle safety."

There will always be some who will perceive us as less than being safe. Their own perception based on their own value system leads to what they see as truly safe.
